

Classes Begin February 2016

Veterinary Assisting

COURSE DESCRIPTION

This program trains students to assist Veterinarians and other Veterinary professionals in the care of animal patients. Students will gain hands-on experience in lab skills such as fecal flotation, cytology, urinalysis, blood analysis and disease identification. There is ample opportunity for experiences in animal husbandry, grooming and daily pet care. In addition to the 750 classroom hours, students are required by FVMA to complete an additional 250 Experiential hours. Completion of the course will result in becoming a state **Certified Veterinary Assistant.**
